REGION SKÅNE

33.000 employees

The background of the slide is a photograph of a modern office interior. It features a large, curved glass wall that looks out onto a cityscape. Several people in business attire are silhouetted against the bright light coming from the windows. They appear to be in conversation or working. The floor is highly reflective, creating clear mirror images of the people and the windows. The overall color palette is dominated by blues and greys, giving it a professional and high-tech feel.
